Special Thanks

Special Thanks from Jenny Blair, Director of *Charlotte's Web*

Participating in this play season has been nothing short of amazing. Each junior high cast member has invested their heart into this production, from the initial first read-through to their amazing performance at District OAP. It has been a very special experience for my first time directing a one-act play, as I have been surrounded by incredible support. I would like to thank my **wonderful husband, Donnie**, who encourages all of my creative endeavors and holds our family together. He painstakingly crafted Wilbur's fence and helped me to think through many of the set ideas! Thank you to **Amy Hay** for your wisdom, creative direction, and shoulder of support. Thank you for encouraging me to step into this challenge and for being a positive voice through the whole process! **Joy Carroll and Brook Campbell**, thank you for your constancy and your ideas, which have infused life into this show! Lastly, thank you, wonderful **junior high drama cast and crew**, for working through the many ups and downs of this show season, and for pushing yourselves each day to tell through your craft this beautiful story of friendship. I am amazed at how far you have come!

Special Thanks from Joy Carroll, Director of *The Ugly Duckling*

Because we are made in the image of **God**, artists are most alive when making beautiful things that honor Him. The freedom and opportunity to do just that at CLPS is so life-giving to me. I am deeply grateful to Him, and to **CLPS** and the **Henrys** for that.

To my husband **Trey**, who has been my technical director, roadie, handyman, emotional support, provider, best friend, and general superhero for 23 years- I adore you and I hope for many, many more.

To my girls **Sophia, Samara, and Phoebe**- thank you for carrying more weight in our home when I'm working and for bearing the fruit of the spirit so beautifully. I am so proud of the young women of God you are becoming.

To **Amy Hay**, who gave me a chance, holds my hand, answers my questions, laughs and cries with me- you are a gift to me and I love you. To **Jenny Blair**- your easy smile and get 'er done attitude buoys me along- and thank you most for your friendship. To **Brook Campbell**- thanks for your beautiful shepherding of our youngest performers and your willing hand on the plow with us...I am so happy to be one of this incredible team!

And to **my Ducklings**- what an adventure we've had together! I have been amazed at your courage, your determination, your perseverance, and most of all, the way you have made our show a safe place for beautiful work to be done. The Lord has used you to make something awesome and I am so honored to have watched it happen.

Special Thanks from Amy Hay, Director of *The Boys Next Door*:

Drama is something special. Ask any Drama student and they would agree, although it is hard to put into words what this experience does for young people. The bonding that results from working through monumental tasks is something not easily replicated in other settings. We feel like Drama fulfills a huge part of the Profile of a CLPS Graduate in how students develop communication, teamwork and problem solving skills as well as build confidence for a future leading others. When we create in the arts, we are like our Creator in whose image we are made. Ultimate praise to my Savior, Jesus who pours out His grace every morning and gives me a reason to create every day.

Personally, I would like to thank **Dan Hay** for the way you love and support me through play season and in all of life. You are a wonderfully considerate husband and father who makes my job a joy! I love you. **Mr. Henry and Dr. Henry**- Your belief in me and support in this program has meant so much to me over the years. **Drama Parents**- Thank you for raising such amazing kids and allowing me to work with them. *Your support of this program is what ultimately makes us successful.* Thank you to those who came out to support us at the TCAF District Contest. Your presence was a HUGE blessing to me and your actors. A special thank you to **Brook Campbell**, my partner in direction. Your amazing talent and continuing support make it a joy to keep working in Theater! I hope we have many more shows together! **Jenny Blair and Joy Carroll**- I am so proud of you both and what you have brought to this program! God is spoiling us all by heaping all this gifting into one school. Thank you for seeking to please the Lord with all of your abilities and bring compassion for the human experience and our need for Christ's redemption to stories on the stage. Our students are so blessed to have all three of you ladies as godly examples in their lives. Thank you! To **my Boys Next Door Cast and Tech Crew** I am humbled to work with you. Your professionalism and dedication to representing those with special needs with dignity and respect made coming to rehearsal every day a special joy for me. My prayer for each of you is that you are able to continue to represent Christ in the theater whatever path He leads you on. Break a leg!

Special Thanks From Mrs. Brook Campbell, Director of *The Boys Next Door*:

First and foremost, I want to give thanks to **God** for bringing me to CLPS. I had no idea when I started down this path seven years ago that God would be leading me here. It has been an amazing experience. I want to also thank my husband, **Clay**, who makes it possible for me to be me. He and **my boys** are used to shopping and searching for school and play supplies during family trips. When I come up with a new project, they jump in and help. I am a lucky gal!

Support the England Mission Trip

<https://www.clpsfamily.com/clpsuk.html>

Current Fundraising Need: \$25,000

All gifts are tax deductible

CLPS has been sending teams to the UK since 2015. We partner with UK-USA to serve local communities in the Tees Valley of Northern England. Our teams are able to put on sports camps in local elementary schools and share the gospel with several hundred elementary and secondary students. We also partner with a local church to run events that bring community members into relationship with the church. The local school children ask all year long when the Americans from CLPS are coming! We have made quite an impression.

You can have a fraction of the mission action! If you can't go, you can send. Every penny of support helps us share the gospel with the nations. Please pray about giving a cheerful gift tonight.

More information about the very large gospel need in England can be found on our website.
